

DATA SHARING & SPECIAL REQUESTS

SUMMARY

Data Sharing

- ?? Similar for internal and external (process)
- ?? Issues re: sharing
 - ?? anonymous
 - ?? use of data
 - ?? cost (public vs cost recovery)
- ?? Lengthy / time sensitive but important (better to sustainability)

Special Requests

- ?? Need for clarification – what is a Special Request
- ?? Validation work
- ?? Committee (not someone making special request)
 - ?? yes – need someone to do it!
 - ?? no – not another committee!
- ?? Criteria – these need to be well defined / objective

DETAILED

Data Sharing

- ?? Anonymity
- ?? Cost recovery
- ?? Lengthy process
- ?? Internal data sharing / concerns
 - ?? Current process
 - ?? How data used
 - ?? Confidence intervals
 - ?? Both contentious issues
 - ?? Anonymity
- ?? current process for data sharing – internal
 - ?? anonymity concerns
 - ?? appropriate legislation – interpretation of legislation
- ?? External data sharing
 - ?? Should this be done?
 - ?? How?

Special Requests

- ?? Underlying assumptions
 - ?? new units vs participating units
- ?? Need criteria that is objective to determine who gets special requests
- ?? Need to define Special Requests more clearly

- ?? Odd number of people on committee a good idea
- ?? Rotational basis
